Assignment of Copyright

Name of Publication

Title of the Work

Corresponding Author

Submission of this paper to Control Publications implies that:

- all Authors (if a multi-authored paper) agree to submission of the Work by signing below;
- the Work has not been published before;
- the Work is not presently being considered for publication elsewhere; and
- the Work does not violate any copyright or other personal proprietary right of any person or entity.

License to Publish

1. The Author grants Control Publications an unconditional, irrevocable, non-exclusive worldwide licence to edit, alter or adapt the Work as required by Control Publications and to publish the Work in all forms and media, including print and all other forms of electronic publication. The Author agrees that Control Publications is entitled to approve reproduction of the Work by third parties.
2. Both Control Publications and the Author agree to acknowledge the contribution made by the other party to the published material, including a citation to the publication.
3. Control Publications retains the right to any revenue generated through printed, electronic or online publication, or mechanical or electronic copying or reproduction of the Work.
4. Control Publications may assign or sub-licence the benefit of this agreement.
5. The Author agrees that the Work may not be used in any way that implies that Control Publications or the publication endorses any product or procedure.
6. If the paper is rejected or not published within 12 months of the date of this assignment, all rights under this licence revert to the Author.
7. Control Publications grants the Author a non-exclusive licence to reproduce the Work for internal purposes (including further research), and to reproduce and communicate the Work or adaptations of it other than for commercial publication of a work that is substantially identical to the Work as long as such reproduction includes a reference to the work as published by Control Publications.
8. Control Publications agrees that the Author retains all rights in the Author's research data (defined as all scientific observations, extrapolations, qualitative data and ideas), and may reuse, publish and reproduce the research data without any further consent or licence from Control Publications provided that such use does not substantially repeat or imitate the textual expression of the Work (except as permitted in Clause 7 above or any fair dealing or fair use permitted by law).
9. This agreement is governed by the laws of Victoria.

If this form is not signed by all authors, the author signing acknowledges that he/she is signing on behalf of all the authors with their authorisation.
